Irota EcoLodge

Where your corporate retreat becomes a countryside getaway

Would you like your office getaway to have something extra, away from standard facilities? We like to show you something different: our three climate-neutral, luxurious villas in the beautiful Hungarian countryside offer you cosy and inspiring surroundings and a professional working place in one.

Each house has three bedrooms and two bathrooms. In total, we offer 9 bedrooms, which can be accustomed to single or double use. We can have your corporate meetings in the library or the dining room of our beautiful Irota mansion. You might want to designate the living of one of the houses as your gathering area for the meals and the more informal sessions. Weather permitting, you can also take your meetings outside.

As far as catering is concerned, our package includes full board: breakfast and coffee (with home-baked cakes) in the morning, while your hearty Hungarian lunches and dinners will be served by Irota's best cook, Mrs. Miklós. In case you have special shopping requests, we can arrange for certain shopping items to be waiting for you upon arrival. We can take your dietary requirements into account.

The area has plenty to offer to take your mind off work for a bit: the easiest way is taking a wonderful hike or walk in the gorgeous, unspoilt area. We have routes and maps for you. Maybe you want to know more about our experiences with luxurious, yet climate-neutral construction? Or about the environmentally friendly hospitality industry? We can hold a presentation for you and share our personal experiences. Depending on the season, we can introduce you to some typical countryside traditions. If you want to learn more about Tokaj wines and combine this with a wine tasting, we can invite an excellent, English-speaking sommelier over. He will bring not only his knowledge, but also the wines. If you are ready to wander beyond the boundaries of beautiful Irota, we can arrange a transfer for you to nearby Edelény, where you can visit the splendidly renovated L'Huillier-Coburg Palace, or the inspiring wine cellars of Tamás Virág.

Or how about a dining experience at the famous 'Anyukám Mondta' restaurant in Encs? Or even better: put your own cooking skills to the test and see if your team is just as successful in the kitchen as in the boardroom. Our in- and outdoor cooking facilities offer you everything you need - and there is so much more. We gladly discuss the various options with you. We are happy to provide you with office supplies such as a projector and a flip chart. Of course you will have unlimited WiFi access. Your hosts Jeroen and Lennard both have extensive professional experience in international executive positions and can act as facilitators and/or moderators during one or more of your English language meetings.

We are easy to reach. You can of course come by car (a 2.5 hours drive from Budapest, 1.5 hours from Debrecen) – there is ample parking place next to the buildings. If you choose public transport, you can take the train to Edelény or Szikszó and we will arrange your transfer to Irota.

Prices start at 115 Euro ex. VAT per participant.
